**MAFB 383**, Homecare Instructions, FC 4400

**Section E—General Information**

The conversion of AF Force forms from FormFlow to PureEdge Information Management Tools (IMT), the new Air Force standard for data collection, is in full swing. AFPDC is adding new IMTs to their e-publishing web site daily. All Maxwell/Gunter personnel should have the PureEdge IMT viewer loaded on their system. If not, contact your local Work Group Administrator for assistance.

The Air Force requires the Base Forms Designer to create all locally produced forms in Air Force-approved software. Contact the Base Forms Manager for more information.
